WORK EXPERIENCE

Live Fx Hub Limited

Flutter Developer Intern

Mar 2025 - Apr 2025

- Improved performance of the Flutter Website by 30% through efficient bug fixing and optimization.
- Collaborated with the IT team to deliver functional features in a fast-paced environment.
- Demonstrated strong communication, adaptability, and a proactive approach to assigned tasks.

ValueVertex Solutions

Flutter Application Developer Intern

Aug 2024 - Nov 2024

- Built and maintained multiple high-performance Flutter pages, ensuring smooth navigation and intuitive user experience.
- Integrated dynamic charts using FL Chart and collaborated with backend teams to implement robust API-driven features.
- Boosted user engagement by implementing real-time push notifications via Firebase.

EDUCATION

CMR Institute of Technology, Bengaluru

Bachelor of Engineering in Information Science and Engineering

June 2020 - June 2024

PROJECTS

YouTube Video Downloader App [🔗](#)

- Engineered a high-performance YouTube downloader app in Flutter using MVVM architecture to ensure modularity and maintainability.
- Extracted and downloaded videos via YouTube Explode Dart and Dio with seamless resolution selection.
- Leveraged Media Store Plus for secure local storage and integrated Chewie for smooth offline playback.

Movie Application [🔗](#)

- Developed a feature-rich movie app using Flutter and Bloc, following Clean Architecture for scalable and testable code.
- Implemented user login, movie listings (trending & now playing), and detailed views with trailers and ratings.
- Leveraged Dio, Dartz, and GetIt for robust API integration, error handling, and dependency injection.

SKILLS

- **Languages & Tools:** Dart, Git/GitHub, VSCode, Postman
- **Technologies & Frameworks:** Flutter, Firebase, Supabase, REST API, Hive, Stripe Integration
- **Architecture & State Management:** Clean Architecture, MVVM, Bloc, Provider, strong grasp of DSA
